## Caravaggio P3

Caravaggio P3 is a series of metalpendants with an eye-catching high gloss lacquer. The suspension technology is masculine in construction, creating the right counterbalance to the shade's feminine lines. Caravaggio is characterised by direct light without glare. The uplight from the pendant's top also adds to the room's ambient light. This pendant is named after the Italian Baroque painter Caravaggio, who is known for his dramatic paintings with large contrast between light and shadow. Caravaggio P3 is suitable for interior design in cafés, restaurants, retail shops and private homes. The Caravaggio pendant lamp is made of drawn steel and coated with smooth, high-gloss painting. The suspension technology is masculine in construction, creating the right counterbalance to the shade's feminine lines.

**Surface:** High gloss lacquer.
