

SULFER UPLIGHT LED TRE DIM GI

A member of our minimalist Sulfer family, Sulfer upright brings you the indirect upright you've been waiting for. A wall-mounted luminaire, Sulfer upright is installed perpendicular to the wall. Its powerful LED provides a generous, indirect flood beam upward and reflects off the wall, as well as off the ceiling, offering a secondary, softer and wider light beam.

Art. Nr. 13272532
