• **Soft, diffused light through the opalized glass** • **Sophisticated and clean design**

Glossy is the epitome of tasteful and sophisticated design. The Danish designer, Maria Berntsen, has created a table lamp that oozes of Nordic minimalism, and where the combination of the exclusive materials, marble, brass and opal white glass contribute to an incredibly elegant design. Glossy is named after the shiny surface of the opal white glass, which lets a soft and comfortable light shine through.

Marble is a natural material and therefore lines, colors and patterns may vary from lamp to lamp.
