MÉDARD

MÉDARD 70 STRETCHED SEMI-RECESSED 2X LED GE

It's the stick insect that inspired the Dutch design agency Bleijh for the creation of Médard. Highly flexible thanks to its orientable head, Médard can sit still as a standalone on a desk, or on the ceiling. In its miniature form, it looks graceful as standalone on a ceiling, or as part of our Pista track. Médard even comes with a stretched neck supporting 2 light units.
