WARNING

Disconnect current prior to any assembling or repair. If not familiar with electrical connections, contact a qualified electrician. Keep these instructions for future reference.

Before any operation on the fixture, please disconnect the power supply.

In case of damage to the feeding cable, please contact a FontanaArte dealer or qualified personnel for replacement.

FontanaArte reserves the right to introduce all changes required for the improvement of the present product at any time and without prior notice.

Make the electrical connections by connecting the white cable coming from the fixture to the white cable of the j-box and the black cable coming from the fixture to the black cable of the j-box. Fasten the lamp body (1) to the j-box by means of screws (2).

Insert bulb (3) into the lamp holder (4) avoiding touching it with bare hands.

Screw diffuser (5) to the lamp body (1) and fix it by tightening dowel (6).
