## K-SET 77 2X

Our iconic K family set the foundation for many architectural downlighters. The classic, beautiful brightness of this spotlight portfolio makes K an ideal candidate for high-end residential, retail and hospitality environments. To give designers even more options for this already popular design, we added a mask accessory to the party. K-set encourages playful configurations of 2, 3, or 4 spots, and interesting patterns with square shapes and circular downlights. Rolling on with flair, K-set is the fashion plate of ceilings.

Art. Nr. 14052132
